\*\*\*\*\*

I would like to take a moment to thank you for the opportunity to install one of your flooring products (Londura) in our facility. We looked and evaluated several others before Tom Atkins introduced Lonseal's Londura to us. We were looking for slip resistant flooring that would hold up in a wet and somewhat corrosive environment and maintain a safe walking surface. This product has so far out-performed our expectations.

Before Londura we were using big and bulky matting, that in itself created a risk to employees' backs while trying to clean them. NO MORE!! We simply mop it [Londura] nightly with a mild quat cleaner. Once again thanks for your help.
